the pocket in the back of this brochure or visit VIVJOA.com.*

FINALLY, AN OPTION

for postmenopausal or permanently infertile women living with chronic yeast infection, also known as recurrent vulvovaginal candidiasis (RVVC).

What is VIVJOA[®]?

VIVJOA[®] (oteseconazole) is a prescription medicine used to reduce the frequency of vaginal yeast infections that keep coming back (recurrent vulvovaginal candidiasis, RVVC) in females with a history of RVVC who are not pregnant and are not able to become pregnant.

It is not known if VIVJOA is safe and effective in females who have not had their first menstrual period.

Please see additional Important Safety Information throughout. For full Prescribing Information and Patient Information please see the pocket in the back of this brochure or visit VIVJOA.com. Call your healthcare provider for medical advice about side effects. You may report side effects related to VIVJOA by calling 1-855-299-0637. If you prefer to report these side effects to the FDA either visit www.FDA.gov/medwatch or call 1-800-FDA-1088.

IMPORTANT SAFETY INFORMATION

Do not take VIVJOA[®] if you:

- Are able to become pregnant.
- Are pregnant or plan to become pregnant.
Due to potential risks to a fetus, VIVJOA may harm your unborn baby. Tell your doctor if you are pregnant, think you might be pregnant, or plan to become pregnant.
- Are breastfeeding or plan to breastfeed. It is not known if VIVJOA passes into your breastmilk which can pose risks to a breastfed infant.
- Are allergic to oteseconazole or any of the ingredients in VIVJOA.

Before you take VIVJOA[®],
tell your doctor about all of your medical
conditions, including if you have kidney
or liver problems.

- **Know the medicines you take.** Keep a list of them to show your doctor and pharmacist when you get a new medicine.
- **Tell your doctor about all the medicines you take,** including prescription and over-the-counter medicines, vitamins, and herbal supplements.
- **Especially tell your doctor if you take medicines called breast cancer resistance protein (BCRP) transporter substrates,** including the cholesterol lowering medicine rosuvastatin. Ask your doctor or pharmacist for a list of these medicines if you are not sure. Taking VIVJOA (a BCRP inhibitor) with BCRP transporter substrates may increase the risk of side effects with these medicines.

(oteseconazole capsules)
150 mg per capsule, for oral use

How should I take VIVJOA®?

- Take VIVJOA exactly as your doctor tells you to take it.
- Take VIVJOA capsules by mouth with food and swallow VIVJOA capsules whole.
- Do not chew, crush, dissolve, or open the capsules.

What are the possible side effects of VIVJOA?

- The most common side effects of VIVJOA are headache and nausea.
- These are not all the possible side effects of VIVJOA. For more information, ask your doctor or pharmacist.

Please see additional Important Safety Information throughout.

For full Prescribing Information and Patient Information please see the pocket in the back of this brochure or visit VIVJOA.com.

Call your healthcare provider for medical advice about side effects. You may report side effects related to VIVJOA by calling 1-855-299-0637. If you prefer to report these side effects to the FDA either visit www.FDA.gov/medwatch or call 1-800-FDA-1088.

My VIVJOA Support Program

Dosing Video

Here's what to expect after your VIVJOA[®] prescription has been sent to vitaCareSM by your healthcare provider.

Support

Your vitaCare customer care advocate will guide you through the VIVJOA prescription process. It's important you maintain communication with your vitaCare customer care advocate so you can receive your VIVJOA prescription as soon as possible.

1 Text message from vitaCare

You will receive a text from vitaCare when your prescription is received.

3 Coverage and savings

Your customer care advocate will verify your insurance coverage and out-of-pocket cost.

If you're eligible, they'll help you enroll in the My VIVJOA Savings Program.

My VIVJOA Savings Program

Commercial Health Insurance:

You can pay as little as
\$5 for 12-week course of therapy*

**Restrictions may apply. Learn more at VIVJOA.com.*

2

Phone call to vitaCare

Call vitaCare at **833-873-6300** to process your prescription and answer any questions you may have, or vitaCare will call you to assist you through the process.

Please scan the code to add 833-873-6300 to your phone contacts. This will help you recognize when vitaCare calls you.

4 Convenience

You can choose free home delivery or in-network pharmacy pick up if available in your area.
